

SUBMITTAL SHEET

Product(s): Trim-Tex 1 1/2" R. Bullnose Inside Corner Beads

Description: Trim-Tex 1 1/2" R. Bullnose Inside Corner Beads is an inside 90° corner bead that gives you a soft round look superior to plane taped corners.

Advantages: Creates soft, rounded inside corners. Made from rust proof, dent resistant PVC to reduce jobsite and handling damage.

Limitations: Product is designed for interior use.

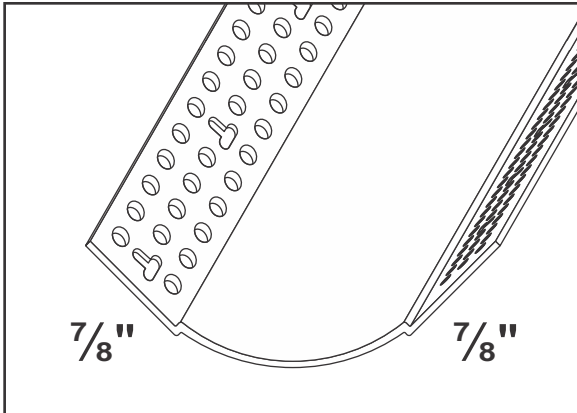

Applicable Standards: Rigid PVC products made by Trim-Tex meet ASTM specifications D3678-97, D1784-03, C1047-99 and achieve a Class A rating for flame spread and smoke developed when tested under ASTM E84-10.

Surface Characteristics: Trim-Tex products are made from PVC. PVC does not support combustion and is self extinguishing when the source of flame or heat is removed.

Installation: Install Molded Corners and/or Bull Adapters if required first. Snip the bead to length and dry fit. Install with Trim-Tex 847 Spray Adhesive and 1/2" divergent staples every 6-8".

Finishing: To improve the bondability of drywall compounds, textures & plaster products to any bead, use MUD-MAX Drywall Compound Additive. Priming is not required. Always use a high quality paint.

Accessories: 3 Way Molded Corners, Bull Adapters, 847 Spray Adhesive, Mud-Max, Trim-Tex Sanding Blocks & Abrasive Products, Mud-Max Drywall Compound Additive, North Safety Products distributed by Trim-Tex.
