CGC 
IT'S YOUR WORLD. BUILD IT.™

INSIST ON CGC SHEETROCK® BRAND ULTRALIGHT PANELS.

At CGC, we remain committed to helping the construction industry build better, smarter and more efficiently by making our lightweight gypsum panels easier, faster and safer to install.

Not all lightweight gypsum panels are created equal. Unlike imitations that claim lightweight, only CGC Sheetrock® Brand UltraLight Panels deliver on the exacting standards you'd expect from The Leader in Lightweight Innovation™. Our patented lightweight products feature proprietary core and paper technologies, resulting in superior quality and the **lightest gypsum panel** of any manufacturer. If you're using other lightweight gypsum panels, you're putting the job and your business at risk. Choose to install CGC Sheetrock® Brand UltraLight Panels so callbacks never leave a bad taste in your mouth. See why all lightweight is not created equal at cgcinc.com/sheetrock-ultralight

Whether it's because they're easier to lift, carry and install, or because of the potential productivity gains and safety enhancements, there are a lot of reasons to learn more about the most robust portfolio of lightweight panels available.
